HLTAID006 Provide Advanced First Aid

COURSE DESCRIPTION

Learn the skills & knowledge required to first aid response and emergency life support to a casualty in a remote and/or isolated situation. The course applies to workers who may be required to prepare for and provide a first aid response in locations beyond the reach of timely medical assistance.

First Aid skills are invaluable and simple for everyone to attain. A little knowledge can Save a life! Past Training Unlimited students have used their CPR skills to sustain a life until medical help arrived.

SKILLS GAINED

- Respond to an emergency situation
- Perform CPR as single rescuer on adults and infants
- Perform bag valve mask ventilation
- Manage an unconscious breathing casualty
- Apply appropriate first aid procedures
- Coordinate for aid activities until arrival of medical assistance
- Communicate details of incident
- Evaluate the incident and own performance

YOUR COURSE
