HLTAID007 Provide Advanced Resuscitation

COURSE DESCRIPTION

Learn the skills & knowledge required to use specialised equipment in the provision of resuscitation in line with the Australian Resuscitation Council (ARC) guidelines. This Course applies to workers who may be required to use specialised equipment to provide resuscitation in a range of complex situations, include community and workplace settings.

First Aid skills are invaluable and simple for everyone to attain. A little knowledge can Save a life! Past Training Unlimited students have used their CPR skills to sustain a life until medical help arrived.

SKILLS GAINED

- Respond to an emergency situation
- Perform advanced resuscitation
- Perform CPR as single rescuer on adults and infants
- Perform bag valve mask ventilation
- Manage an unconscious breathing casualty
- Communicate details of incident
- Evaluate the incident and own performance

YOUR ASSESSMENT

- Pre-learning assessment
- Workshop based learning
- Practical assessments

YOUR COURSE

- Save time by completing pre-learning & assessment before class.
- Spend 6 hours on practical training in class.
- You will be issued with a Statement of Attainment for HLTAID007 Provide Advanced Resuscitation.

ENTRY REQUIREMENTS

Learners must have demonstrated interest in the course. There are no prerequisites for this course! CPR skills are to be demonstrated on a manikin that has been placed on the floor.

We operate classes across Victoria.
Have a group of 10 or more or a workplace area suitable for training, our trainer will come to you and contextualise the training based on your company's unique requirements.
