Incontinence Suite - Dementia and Incontinence

(11478)

COURSE DESCRIPTION

This course has been developed to provide an understanding of good practice continence care for those with dementia.

Learning Outcome

This online course provides caregivers and other healthcare professionals with the following training.

- the different diseases that can cause dementia
- the impact dementia can have on a person's behaviour and how this has consequences for their everyday continence care
- how to make it easier for dementia sufferers to toilet themselves
- how to choose appropriate products to facilitate self-changing and toileting, and
- how to appropriately approach individuals with dementia.

Course Features

- Adaptics
- Assessments
- Certificate of completion
- Interactive activities
- SCORM deployment available
- Voice Over
- WCAG 2.0 accessible

Audience and Duration

The course is aimed at anyone working in the Aged Care sector required to undertake incontinence training.

Duration: 25 minutes
