Understanding Dementia 5 – Changed Behaviours

(20140)

COURSE DESCRIPTION

This course has been designed to provide you with an understanding of how behaviour we consider difficult and challenging in any care environment could be caused by many things, including our own behaviour.

Learning Outcome

Working with people who have dementia is not easy. It can be upsetting, trying and challenging, but it can also be very rewarding and satisfying.

This series is made of up five courses, each providing training in different aspects of dementia care.

- the main causes of behaviour you might find difficult or challenging
- how to understand the behaviour
- what influences behaviour
- the importance of interpersonal skills
- understanding that the reality of the person with dementia may be different from ours
- compulsory reporting, and
- restraint in residential aged care.

Course Features

- Adaptics - Kineo's unique approach to refresher training
- professional audio
- animation and interactivity
- WCAG 2.0 accessibility
- mobile compatibility
- formative assessments, and
- a certificate of completion.

Audience and Duration

This series is aimed at anyone who knows or is responsible for caring for someone with dementia.

Duration: 50 minutes
