What will your qualification involve?

Training

Your dedicated Training Specialist visits you in centre each month; providing you with coaching and training on key learning concepts. Between visits you read your textbook/s, Student Guide/s and support documentation, capturing your learning activities in your Training Record Book.

If you require additional support between visits, you contact your Training Specialist and organise additional support arrangements. Similarly, if your Training Specialist thinks that you required further training and support to retain and assimilate your knowledge within the centre, they will schedule additional visits with you.

Assessment of your skills and knowledge

When your Training Specialist advises that you are ready for assessment, you will be invited to complete your assessment tasks on Cloud Assess, your personalised online learning platform. You will complete short answer questions and scenario case studies; demonstrating your knowledge. Research and complete projects and on-the-job demonstrations; demonstrating your transition of skill and knowledge within your normal work routine. Your manager will also be asked how you are progressing.

Work placement

Students undertaking the Certificate III via traineeship pathways, are employed in the industry; transferring skill and knowledge requirements into real work environments. Workplace Tasks are built into your assessment tasks capture structured tasks, reflections and activities that you complete as part of your normal work routine. A Workplace Hours Logbook will capture the hours you complete per day and task you undertook. Your nominated workplace supervisors sign your hours logbook attesting to the tasks you have completed; verifying that you consistently completed them to workplace and/or industry standards. One hundred and sixty (160) hours of work placement is required as a minimum for students completing the Certificate III qualification.
